1. **Welcome and Introductions.**

DISCUSSION/PRESENTATION/ACTION ITEMS

2. **National Oceanic and Atmospheric Administration Atlas 14 Webinar.** As requested at the last meeting of the Flood Management Task Force (FMTF), a unique webinar opportunity has been set up by the U.S. Army Corps of Engineers (USACE) Fort Worth District. Please note the early start time of 9:00 a.m. for the webinar (approximately 30 minutes).
3. **MetVue Presentation.** USACE staff will present a new rainfall modeling software program. This program will be used to update current nation-wide modeling in the future (approximately 10 minutes).
4. **Corps Water Management System (CWMS) Presentation.** This presentation will center on the new USACE CWMS models, and their use at a national and district level (approximately 10 minutes).
5. **USACE Fort Worth District Perspective on Current Topics.** Jerry Cotter will wrap up this series of presentations with updates on the activities at the Fort Worth District (approximately 10 minutes).
6. **Draft Flowcharts of the Corridor Development Certificate (CDC) Process.** The North Central Texas Council of Governments (NCTCOG) staff will present the initial work on the development of the CDC Process description in the form of a flow chart. The FMTF will discuss this draft as an important part of the update of the 4th edition of the CDC Manual (approximately 20 minutes).
